## “Teaching Parents of the Year”

Dwight and Millie Browns were honored by Appalachian Family Innovations as “Teaching Parents of the Year” at the Annual Spring Conference in Blowing Rock, NC. Each year AFI nominates a Teaching Parent couple that maintains and exceeds the criteria of the Teaching Family Association. Appalachian Family Innovations works with Teaching Parents in several states throughout the country. Congratulations to Dwight and Millie for being the “best of the best”.

## Motor Racing Outreach

### Nextel All-Star Race

Gwen Howard and all the staff at Motor Racing Outreach hold a special place in the hearts of our children for all they do for us. All 70 children and staff spent an awesome day at the Nextel All-Star Race. After a great picnic meal, we all settled down to watch the race from the infield. Everyone went home with die-cast cars and other great gifts. Residents also spent the summer attending the Lowe's Summer Shootouts. MRO made it possible for NCH to sell car raffle tickets at the May Race and always include us when they have donations like cars, hats, t-shirts and games. They make such a positive difference in our children's lives.
